

the **RAMP** is a multifunctional design. It provides different gathering spaces. Such as theatre, exhibition area, auditorium, atelier, classroom etc...

- ⊙ VERTICAL ONTOLOGY
- ⊙ DIRECTIONAL SETUP - RAMPS
- ⊙ CLOSED WALLS & OPEN ROOF

a passage / atelier

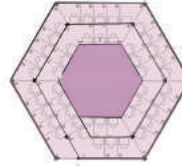

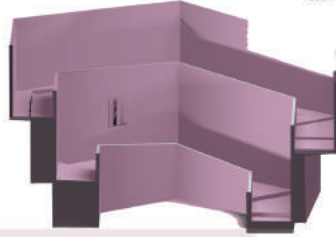

theatre

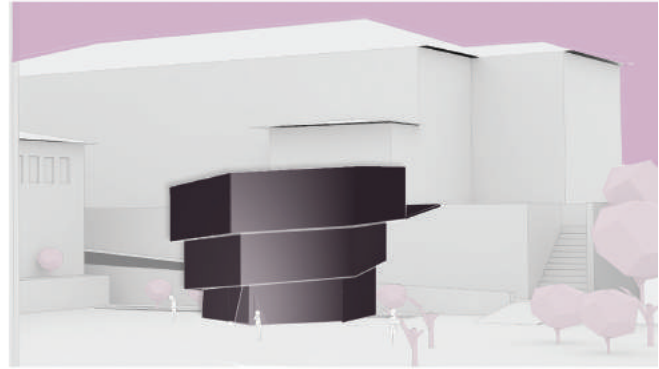

exhibition

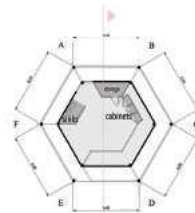

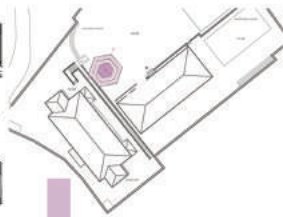

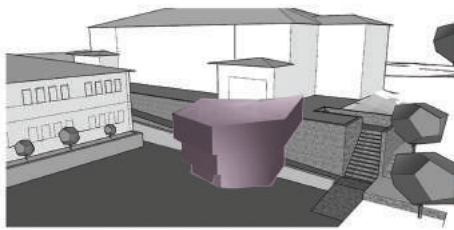

exhibition / auditorium

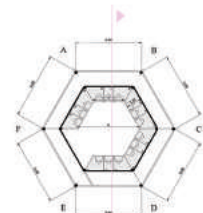

not just binds the different levels, also directly **generates the design** by walking around the central space with an expanding attitude.
